Short description of the initiatives	<p>Through this project, we want to educate young people about democracy and how they can participate directly by voting. With the help of the youth workers from our centres, but also with the help of our 45 youth ambassadors from all around the country, the team has organised so far 38 fun and interactive quiz sessions with more than 730 participants and 30 informative and engaging workshops about the European Union and the European Parliament with over 500 participants.</p> <p>These activities were implemented using non-formal education methods so that the young people can better and easier understand what exactly they will vote for in June 2024, that their voice matters in the context of the European elections and how they can help shape the future of Europe.</p>
